Subject: Prime Plan Solutions Transition

This letter is to inform you that DST is exiting the Prime Plan Solutions business and has entered into an agreement with Aspire Financial Services for them to assume all obligations and responsibilities under the contracts for recordkeeping and related administrative services to all the plans under the Prime Plan Solutions program. Under the agreement, DST will continue to provide service support to Aspire until the full transition is successfully completed, after which Aspire will service all plans.

Aspire will be working closely with you to transition the plans and will be contacting you in the near future to discuss their proposed approach and get your feedback on changes to the new plan design aligned with DOL requirements.

Please notify DST or Aspire of any issues, questions or concerns with this transition.

We are pleased to have entered into an agreement with Aspire and believe they have the knowledge and resources to service you and your clients' business. We appreciate your support through this process

Sincerely,
Bruce Olberding, Client Services Officer
